

CyberCamp at Trinity

June 18-22, 2018 8:30 - 12:30

As an AFA CyberCamp host, Trinity Presbyterian School will receive software and a hands-on curriculum kit designed to teach students cyber safety, cyber ethics, and critical network security skills and tools. Each AFA CyberCamp will culminate in an exciting team-based competition that puts the campers in the role of IT administrators tasked with finding and addressing cybersecurity vulnerabilities in simulated network environments. The local AFA CyberCamp competitions will closely mimic AFA's annual [CyberPatriot National Youth Cyber Defense Competition](#), which will enter its eleventh season in October.

In addition to hosting one of the first AFA CyberCamps, Trinity will develop team(s) in the CyberPatriot National Youth Cyber Defense Competition for this fall.

The CyberPatriot National Youth Cyber Education Program was created by the Air Force Association in 2009 to attract students to cybersecurity and other science, technology, engineering, and mathematics (STEM) disciplines critical to our nation's future. To learn more about CyberPatriot, visit www.uscyberpatriot.org.

Complete the information below and email your file to kwatson@trinitywildcats.com (preferred) or print and return this form no later than May 24th. The fee for the camp is \$90 and will be billed to your Trinity account.

Student Name: _____ Grade for 2018/2019 Year: _____

Parent Name: _____ Cell Phone Number: _____

T-Shirt Size: _____

Any medical conditions or allergies? _____
